

Lab and Workspace Cleaning: Getting Started

Lab or Cleanroom

A Micronova Cleaning Tool Solves Your Sanitization Challenge

Work centers require careful cleaning and sanitization, yet present a number of challenges. Micronova's specialty cleaning tools offer solutions that increase effectiveness, reduce time, and enhance ergonomics. Reach under or around equipment with a MegaSwat; sanitize gloves or hands using the touch-free Microdispenser, and clean the deep recesses of a BSC or incubator with an Isolator Tool. Just a few of the Micronova solutions to simplify your cleaning.

Hood Cleaning *Effective and efficient*

Isolator Tool™, Plastic
QPIT-09

Isolator Tool™ Cover, Polyester
ITC6-gNS

Isolator Tool™ Cover, Polyester,
Sterile
ITC6-gNSIR
