

## LoNa<sup>™</sup> Low Sodium Hand & Glove Cleanser

### Part Number Description

IC-120	LoNa Soap
ICDISP-3	MicroDispenser
ICCAP-16	Replacement Dispensing Capsule

With the stringent requirements required by cleanroom personnel to conform to cleanroom protocol inside and outside the cleanroom, **LoNa** soap offers a universal cleaning option to be used in gowning and support areas as well as general washrooms.

**LoNa** soap has a low ionic content with sodium levels less than 100 ppb.

The low sudsing formulation is mild and will not affect sensitive skin. Can be used over both hands and gloves.

### Technical Data
