

The **PilloMop™** is a smooth polyester over foam mop head that attaches to the PilloMop adapter via polyester hook and loop strips. The 360° swivel adapter makes it easier to reach awkward corners and angles, ideal for cleaning shelving and narrow chambers. The PilloMop is available in two thicknesses ½" and 1". Single-ply polyester covers are also available, without foam, to be used as a slipcover over a PilloMop or by themselves.
