

Hy-G-Clenz™ Anti-bacterial Soap

Hy-G-Clenz Antibacterial Lotion Soap meets OSHA standards and is effective against a wide range of both gram-positive and gram-negative bacteria.

Specially formulated with .13% Benzalkonium Chloride, containing natural moisturizers - ideal for frequent hand washing.

This formulation kills germs while leaving hands feeling smooth and soft. **Hy-G-Clenz** is a creamy rich, lotion hand soap for use in a variety of settings ranging from pharmaceutical sites to medical device and healthcare.
