

NovaMop™ SW

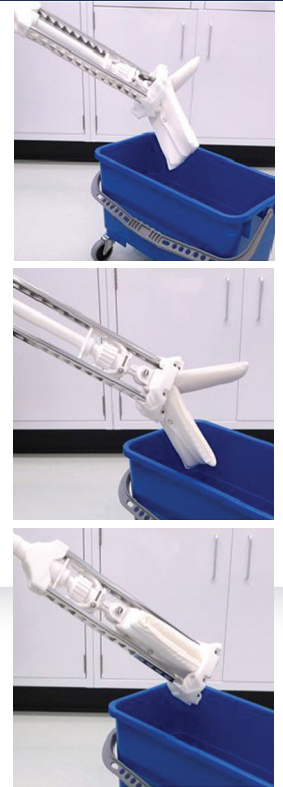

The **NovaMop™ SW** is the self wringing mop system compatible with Micronova FlatMops™, SnapMops™ and PocketMops™.

Designed for use on multiple surfaces, the NovaMop SW features a swivel joint that allows for 360° rotation of the mop head. Connects directly to the STA series of fixed length or extendible handles to create a custom reach.

- Collapsible plates and roller system wring liquid from mops
- Polypropylene and Stainless Steel construction
- Available to accommodate 14 and 18 inch mops
- Works with either plastic threaded handles (STA series) or quick disconnect stainless steel handles with an SSA-3 (SSU series)
- Good chemical compatibility
- Autoclavable

Manufactured for use in Controlled Environments

- ISO 5 thru 9 Cleanrooms
- ISO 9001 Certified Manufacturing Facility
- Autoclavable
- Good chemical resistance to disinfectants and cleaning solutions
