

Flat Head Mops for Controlled Environments

Micronova flat head mops are ideal for cleaning many surfaces in cleanroom and controlled environments.

Whether laying down disinfectant or cleaning to a dry finish, Micronova has designs and fabrics to address the various cleaning scenarios found in many classified areas, ISO 5 to 9. From facility walls and floors to stainless panels or soft walls the range of mops with smooth or textured Polyester, PolyMesh for scrubbing, or Microfiber for high absorbency meet the application challenge.

M-Zone® FlatMop™ Mop Covers are a slip-on style with a tab removal flat head mop cover that is ideal for cleaning and sanitizing all surfaces and equipment in the cleanroom. Available in a choice of fabrics to meet specific cleaning needs.

SnapMop™ Flat Head Mop Covers are a lightweight, snap-on mop cover with urethane foam interiors, designed for effective cleaning and sanitizing in the cleanroom. Snaps help to secure use with the LyoTool™ and Tank Tool™. Available in a variety of fabric options to cope with the most critical cleaning challenges.

PocketMop™ Flat Head Mop Covers are economical and versatile. This snap-on flat head mop cover is ideal for cleaning and sanitizing surfaces and equipment in controlled environments. Available in a variety of fabrics to meet specific cleaning needs.

SlimLine™ These elasticized flat head mop covers easily and securely attach to either the plastic or stainless steel 360° swivel SlimLine™ Adapters, mop frame. A simplified single ply, no foam version is also available for quick wipe downs.

Use with SlimLine™ Mop Adapters
