

# M-Zone® Modular Cleaning System

## Introducing Micronova's new M-Zone® Modular Cleaning System

In a drive to make the disinfection process more cost efficient, ergonomic – and simple – Micronova offers the MegaWringer, and BucketBinder Multi Bucket kit. This unique core cleaning solution replaces the need for bulky carts and frames. A multi bucket system supporting a super simple downward press wringer. Efficiently wrings flat head mops with minimum effort.

Allows for easier usage, cleaning and storage – in both small and large controlled environments and sterile core.

## MegaWringer™

Lightweight and portable downward press wringer for consistent wringing of flat head mops. The wringer boasts an ergonomic, one hand action. The mop handle slides into the wringer grip, providing leverage to create optimum wringing pressure.

- Lightweight and durable – weighs less than 5 lbs.
- Molded Polyketone and electropolished Stainless Steel.
- Fits on single, double or triple bucket systems – no cart required.

MegaWringer W-94

## M-Zone™ Flat Mops

A lightweight, easy to use cleanroom mop which can be used - wet or dry - to clean and disinfect in ISO 5 to 9 areas.

- Mops glide easily onto adapters and can be removed by pulling the looped tab
- A variety of fabrics available for added absorbency and cleaning strength. Generous foam interior allows optimum dwell time of disinfectant.
- Fits on QPSL plastic or QDSL stainless steel frame both with 360° swivel. Frame also locks at 180° for precise, controlled cleaning.
- Compatible with strong disinfectants and steam sterilization. Available gamma-irradiated for aseptic areas

M-Zone Flat Mop, NovaPoly™, Irradiated	MZSM11-14SIR

## BucketBinder™

Polyketone 'hooks' firmly secure two or three rectangular buckets together to instantly form a multi bucket system, which can be scaled up or down as required.

- Less than 2lbs per pair, BucketBinders hold up to strong disinfectant, can be autoclaved and irradiated.
- Fit the B-7 AC series rectangular buckets

Double BB-DBL-DBYE

Triple BB-TR-DBREYE

## Bucket Liners™

- An impermeable barrier/liner for buckets and storage and transport containers
- LDPE/Nylon laminate is excellent for disinfectants and cleaning solutions
- Ideal for parts and raw material transfer
- Available sterile.
